Mission:

In response to the needs of youthful offenders and the protection needs of the community, Dane County has aligned its Youth Justice Services around the Balanced Approach. T is accomplished through a coordinated planning and implementation process focused on expanded allocation of resources; establishment of a juvenile risk assessment classification system; determination of required types and levels of supervision services; coordination of Department, Juvenile Court Program, purchase of service providers, and other youth services; and evaluation of service effectiveness. The Balanced Approach promotes individualized, holistic services with children, youth, and families together with community-based, collaborative intervention wherever possible.

Description:

The needs of juvenile offenders differ in terms of offense, offense history, likelihood of recommitting crimes, emotional needs, educational levels, acceptance of criminal behavior, and other factors. The needs of the community for protection have heightened in recent years due to increases in serious juvenile crime. Effectively addressing youthful offender needs and community expectations requires an understanding of the individual and community, as well as knowledge and flexibility in applying different delinquency supervision methods and strategies. The Neighborhood Intervention Program (N.I.P.) is a Unit of the Children, Youth, and Families Department of Human Services. NIP offers innovative Community Supervision Services and Early Intervention Services to boys and girls ages 10-17 that are delinquent or at risk for delinquency. Programming seeks to redirect youth by simultaneously holding youth accountable for their behaviors, building youth competencies, and protecting the community.
