### Dane County Department of Human Services 2025 Budget Request Summary: Strength through Connection

Today, Dane County Department of Human Services (DCDHS) is sharing its 2025 budget request, a request that – like the work we do every day – prioritizes investing in quality of life for people across our community. We understand the critical role of connections in making each of us stronger and along with our non-profit partners, community members, leaders, and clients, we form a social safety net that is visionary, solutions-focused, data-informed, and collaborative. We strive to remove barriers to connection, build and strengthen connection in order to improve access to appropriate services for persons of all backgrounds, lived experiences, and life stages in Dane County so that everyone can thrive. In this budget request you will find new paths to services that support a *no wrong door* approach. You will see where DCDHS is widening the lanes, providing more services that have seen increases in demand than could be met in the past. Finally, you will see how we are working to improve connection through the use of new technologies that will allow our systems to communicate better, providing a more comprehensive and coordinated response to DCDHS clients, partners, and staff.

DCDHS pursues this collaborative and innovative vision through self-reflection, with an eye toward continuous evolution to be an organization that strives to reflect our values – accountability and transparency, collaboration, racial justice, diversity, empathy, growth and learning – in how we deliver services, support our clients, partners and how we work together as a team. We are so proud of our continued partnership with the [YWCA Madison](#) in this work, as they have helped us be true to our stated values and have supported us in developing leadership skills grounded in racial justice. We are excited about building new partnerships, so that we are working more seamlessly across our department of over 800 people. Through our collaboration with Dr. Alonzo Kelly of [Kelly Leadership Group](#), we are increasing our connectedness, and building our agility and self-awareness as it relates to problem-solving, critical thinking and community impact. DCDHS is better than ever because of partners like these and our many other community partners that deliver critical services to Dane County residents every day.

The Dane County Department of Human Services 2025 Annual Budget **makes no request for additional GPR to support operations**. All new expenditure items are supported by DCDHS funding reallocations or new revenue.

## **Creating New Avenues for Connection**

### **Language Access**

Language should never be a barrier to accessing the support and resources that our community provides. After only one year of welcoming the county's first Language Access Coordinator, we have seen a dramatic increase in demand for Language Access services. We have created solutions that are fiscally responsible while also prioritizing the clients' needs. Each day we gain a deeper understanding of the language needs of our community. For example, over 60% of our language assistance requests are for Spanish interpretation. For this reason, we are requesting 2.0 FTE Medical Interpreters. Many of our cases are sensitive and complex, having an in-person interpreter can make all the difference in the lives of a child, family, and our staff. In addition, we are requesting new language access funds to meet the demands of interpretation throughout the department, including resources for translation services. Translation needs in the department are broad, including a backlog of documents and forms for clients, brochures, email, and other written works that are essential for clear communication on an ongoing basis. There is also a request to add a language access budget line for Badger Prairie Health Care Center, as the needs for 24-hour care have their own unique approach.

By centralizing language access, we have been able to gain a better understanding of our language service requests, train interpreters, and develop a constant cycle of improvement. We have also been able to measure which languages are requested in the programs that we offer. Through this, we know that the Immigration Affairs team and the Dane County Job Center are the bellwether of language needs in Dane County. To this end, we have seen a dramatic increase in requests for Arabic interpretation at the Job Center, as a large portion of refugees and asylum seekers are Arabic speaking. To meet this need, we are proposing the addition of two Economic Support Specialists – bilingual Arabic positions at the Job Center. Funding to support language access needs of our community comes from funding reallocations and new program revenue; they do not require any new money.

### **Electronic Health Records**

We recognize the importance of having a comprehensive system that centralizes client information, streamlines workflows, and improves communication among team members and our partners. An electronic health record (EHR) system – much like a medical health record in a doctor's office, for social services – with robust case management support, will allow us to make connections for the individual that are critical to their success by providing customized care plans, with warm handoffs, and referrals to appropriate services. The EHR would replace many homegrown – and hard to maintain – systems currently in use. System implementation would occur over a multi-year period, in collaboration with DCDHS staff, and partners. The annual operating investment of \$1,200,000 to improve client experience and support efficient operation is funded through new Medicaid program revenue.

## Strengthening our Connections

### Aging

In 2024, we launched a community campaign to *Celebrate Aging!* that raised awareness of our aging community, their needs, their contributions, and the services available in Dane County. As we prepare for significant increases in our over-60 population, we have identified critical areas of growth including Guardianship and Protection, Adults at Risk and Elder Abuse, and extra support at the ADRC – the go-to location for people with concerns related to aging and disabilities, and their caregivers. It is critical that direct service providers at the ADRC are able to address concerns related to benefits and quickly respond to calls. When someone is caring for a loved one and doesn't know where to turn, they call the ADRC. Staff are prepared to connect people to resources on any range of topics from a parent who has just had a fall to helping a caregiver seek financial support for skilled nursing. As our community ages, and as we see more complexities in the needs of our children with disabilities, the ADRC absorbs the increased requests. For this reason, we are adding two positions to the ADRC; an Information and Assistance Specialist and a Disability Benefit Specialist. These positions will enhance the robustness of our staff expertise, capacity, and their connection to the community that needs it most in order to reduce wait times for home visits, enrollment into Long Term Care services, support individuals applying for disability benefits, expedite necessary assistance, and provide timely and comprehensive support to seniors and their families.

Additionally, as our aging population increases in Dane County, our Adult Guardianship and Protection unit has seen a dramatic uptick in calls and complexity of cases. To address this need, we have added 1.5 Social Worker positions to support individuals and families who are struggling with a behavioral health crisis. This is a critical and quickly growing need in our community as the number of people living with Dementia increases.

We are also seeing an increase in complexity of care needs at the state-of-the-art skilled nursing facility, Badger Prairie Health Care Center. We are adding a Clinical Education Coordinator to fulfill federal regulations, and four CNAs to increase staffing levels which will allow BPHCC to reach full coverage much easier, and provide the support to staff required to maintain the highest level of care for our vulnerable BPHCC residents. The positions required to support our growing aging population do not require any new funds, they are funded through new revenue, and a reallocation of resources.

### Purchase of Service (POS) partnership

The COVID-19 pandemic had lasting impacts on so many of the ways that we connect with one another. We deeply value our partnerships with POS community, and have been working for over 18 months to rebuild a robust representative partnership together. It is more important than ever to rebuild/ strengthen the coalitions (communities of practice) on which this partnership is built and support the work on an ongoing basis, including the organization of regular engagement in the form of shared meetings, launching an annual summit, and working together to build systems that share and collect useful data. For this reason, we are requesting two full-time positions to lead this work; an Interagency Relations Coordinator and a Human Services Program Analyst. These positions require no new dollars and will provide the support necessary to continue development of the relationships and structure necessary to fully commit to this work, while also being able to balance the ongoing needs, and critical topics of interest to the POS community and DCDHS.

## Removing Barriers to Connection

### Children and Families

Every day, we seek to reduce the barriers that families have to thrive and to improve the connection within the family unit. This work takes many forms, from increasing the number of “doors” that individuals can enter to receive services, to providing direct care to families in-home, educating parents, providing transportation, and reducing wait times to get the support that people need. Across the department, we are seeing an increase in complexity of care needs, and demand for services. Children’s Long-Term Support (CLTS) may be one of the most dramatic, in just six years there has been a 550% increase in demand. To address these needs we are proposing 6.5 FTE in three divisions, Disability and Aging Services, Prevention and Early Intervention, and Children, Youth, and Families that include: Social Service Specialist Supervisor, Social Work Supervisor, Developmental Disabilities Program Supervisor, a PEI Project Coordinator, a Behavioral Health Program Specialist, Case Manager, and a 0.5 FTE Social Worker.

### Substitute Care Services Fees

Anyone facing large bills knows the weight it can add to any of life circumstances. As a parent tries to re-establish connections with their children, facing these extra fees can be a barrier to rebuilding connection to their family unit. This is why we are proposing to eliminate collections and payment interceptions charged to county residents for substitute care services, which include residential care centers, foster care, group home, and corrections, as well as debts owed to the county for prior substitute care services. Newly drafted Wisconsin administrative code provides the right level of county flexibility to make this change in 2025. This request also does not require any new levy.

Connections make us stronger as individuals, feeling confident to face the next challenge, knowing that we’re not alone, and together making us a resilient community. The 2025 Department of Human Services budget request prioritizes increased service delivery through strong connections across and within our community by creating new avenues where we see they are necessary, widening the lanes where our programs have exceeded capacity for what the community needs, and reducing barriers. The Department’s 2025 annual operating request is \$306,640,149, which is comprised of \$184,259,265 in outside revenue and \$122,380,884 in county levy. The Department’s capital request is \$6,386,360. The efforts of the DCDHS budget are attributed to a team effort to pursue our vision of empowering people throughout Dane County to thrive. We look forward to working with administration and policy makers to serve our community with passion and excellence.

Thank you for your continued partnership and support.

Astra M. Iheukumere

**Mission:**

The mission of the Area Agency on Aging of Dane County is to:

- Advocate for older adults to enable them to maintain full potential and enhance their quality of life;
- Affirm the dignity and value of older adults by supporting their choices for living in and giving to our community;
- Create and promote opportunities for communication among the entire community.

**Description:**

Pursuant to the Federal Older Americans Act, the Wisconsin Elders Act, and in cooperation with the Area Agency on Aging Board, staff provide and purchase the following: senior nutrition program, case management services, transportation, elder benefit specialist services, volunteer opportunities and supports for caregivers of elders and for older adults who are primary caregivers of minor aged family members. AAA also conducts ongoing assessments of service system capacity and gaps, and develops a three year County Aging Plan including initiatives consistent with identified needs and gaps. AAA coordinates services offered by Dane County and community agencies, prepares and submits reports required by various bodies, and promotes/coordinates working alliances with public and private sectors to increase awareness of aging programs and major issues facing older people. As the proportion of older adults in the population continues to increase, long range planning, including resource development to meet future needs, is a critical component of the work of the Area Agency on Aging.

<b>Prgm:</b> DAS Aging & Disability Resource Center	304/42		<b>Fund No:</b> 2610

**Mission:**

The Mission of the ADRC is to support seniors, adults with disabilities, their families and caregivers by providing useful information, assistance and education on community resources, services and long term care options and by serving as the single entry point for publicly funded long term care services while at all times respecting the rights, dignity and preference of the individual.

**Description:**

The ADRC welcomes the whole community to an attractive, accessible, non-threatening facility. The ADRC serves older adults and people with disabilities, regardless of their income, health condition and long term care needs. Among its services are information and assistance, counseling regarding long term care options, eligibility screening, benefits specialist services, transition services for youth approaching age 18 and wellness/prevention programming. The ADRC provides reliable and objective information about a broad range of community resources of interest to older adults and people with disabilities. It enables people to make informed, cost-effective decisions about long term care and strives to delay or prevent the need for long term care services and/or public funding for them. ADRC staff complete the long term care functional screen to determine eligibility for long term care programs in the County. ADRC staff enroll customers in the Family Care, IRIS (Include, Respect, I Self-Direct) and Partnership Programs. The ADRC identifies people at risk and with needs and connects them to needed services. To assess whether callers' needs have been met, the ADRC makes follow up contacts with individuals and conducts other quality assurance activities. The ADRC seeks and implements grant funded programs consistent with the ADRC's mission.

<b>PROJECT DESCRIPTION / JUSTIFICATION / LOCATION</b>																																										
<p>Following COVID, the majority of ADRC staff work remotely or in the field. This provided an opportunity to move the APS unit, which also works predominately in the field or remotely, to relocate to the unused space at the ADRC. This move would place all Aging staff in one location and promote greater collaboration among the AAA, ADRC, and APS units. The APS unit will move to the ADRC in December of 2024.</p> <p>Through the planning process, gaps were identified in the existing space at the ADRC to accommodate the growth in the disability and aging populations seeking services at the ADRC. Client meeting space is severely limited at present.</p> <p>Request to convert existing office space to client meeting rooms to better meet this need. Further, internal meeting room/multipurpose space does not exist. The two existing conference rooms are nearly always booked by community partners for community meetings, leaving no area for internal staff to meet in teams of 10-15. Also, all cubicle areas are unable to mute sound and lighting for neuro-divergent staff. ADRC staff worked with Facilities Management to identify an area in the space that could most easily and cost effectively be used as quiet work space, have natural and dimming light, and accommodate a meeting table to have team meetings. Finally, ADRC worked with Facilities to better organize the space, create more storage space, and maintain resource materials in one area.</p>	<b>NON-DEBT REVENUE SOURCE (Type/Object/Description/2025 Amount)</b>

**Mission:**

To improve the safety and independence of vulnerable adults who are victims of financial exploitation, abuse, neglect, or self-neglect.

**Description:**

The Adult Protective Services Program is responsible for receiving reports from the community alleging abuse, neglect, self-neglect, or financial exploitation of vulnerable adults. Key functions include investigating reports and intervening when necessary to protect vulnerable adults. This intervention can include prompting court action to establish or maintain protection for elderly or disabled adults are in need. Activities in this unit are guided by sections of the State Statutes that include Elder Abuse Reporting System as set forth in ss. 46.90, Guardianships and Conservatorships as set forth in Chapter 54, and Protective Service System as set forth in Chapter 55. Additionally, this unit provides victim support to persons over 60 and adults with Intellectual Disabilities. It also provides training, support and advocacy for adults experiencing dementia related behavioral crisis', their caregivers and community partners.

**Mission:**

To provide individualized, community based support to children and young adults with intellectual, developmental, physical or emotional disabilities and their families.

**Description:**

Disability Services is responsible for administering the Children's Community Options Program (CCOP), Children's Long Term Support (CLTS) and Birth to Three programs, consistent with state and federal guidelines. In carrying out those programs, this unit does the following: offers public information and referral; determines eligibility for children's disability services including Katie Beckett; manages the CLTS waiting list; creates and contracts for community-based support services; develops or contributes to individualized service plans for children and families; provides case management; evaluates ongoing effectiveness of services; coordinates services and braids funding with multiple community and government entities; and provides state mandated early intervention (Birth to Three) services. This unit also provides vocational futures planning that prepares young adults with I/DD to enter the paid work force after high school; crisis prevention and response services for adults with I/DD; and coordinates vocational transportation across multiple Managed Care Organizations and IRIS Consulting Agencies.

**Mission:**  
Dane County Department of Human Services provides individual and group transportation services which enable persons with disabilities and older adults to access their communities and needed services. Transportation assistance may also be provided for low-income families or persons with unique medical transportation needs.

**Description:**  
This unit manages a number of grant-funded programs that foster independence for individuals in the community. By operating a Transportation Call Center as a single point-of-entry for transportation information in Dane County, staff provide information on all available transportation resources, including public transit, human services programs, vehicle acquisition and repair loans, ride sharing and other programs. Call Center staff can determine eligibility, arrange for individual and group rides, authorize specialized transportation and related programs, and enroll individuals in mobility training and bus-buddy programs.

**Mission:**

The Children, Youth and Families Division supports families and individuals in promoting and providing safe and nurturing home and community environments for children. Family and community members shall be treated with respect and dignity, focusing on strengths and assets as well as addressing problems and concerns. Quality services will be provided to consumers based on principles of equality, diversity and individual worth.

**Description:**

The Division's services are described in its two program areas: Youth Justice & Prevention and Child Protective Services. Administration includes the Division management/supervisory personnel who provide leadership for continuous improvement and support, working in partnership with line staff, contract agencies, schools, other service providers and funders, private business and community residents. The Division has effective services and is developing strategies for more accessible, proactive, responsive and cost-effective amenities to meet the growing needs of children and families within available resources. The Division is continuously improving its methods of assuring quality Child Protection and Youth Justice & Prevention services.

**Mission:**

Dane County has aligned its Youth Justice & Prevention (YJP) Services around the Balanced Approach in response to the needs of youthful offenders and the protection needs of the community. This is accomplished through a coordinated planning and implementation process focused on expanded allocation of resources; establishment of a youth risk assessment; determination of required types and levels of supervision services; coordination of Department, Juvenile Court Program, purchase of service providers and other youth services; and evaluation of service effectiveness. The Balanced Approach promotes individualized, holistic services with children, youth and families together with community-based, collaborative prevention and intervention wherever possible.

**Description:**

The needs of juvenile offenders differ in terms of offense, offense history and likelihood of recommitting crimes, emotional needs, educational levels, acceptance of criminal behavior and other factors. The needs of the community for protection have heightened in recent years due to increases in serious juvenile crime. Effectively addressing youthful offender needs and community expectations requires an understanding of the individual and community, as well as knowledge and flexibility in applying different supervision methods and strategies. The Youth Justice & Prevention (YJP) building is a significant part of the Children, Youth, and Families Department of Human Services YJP area. YJP offers innovative preventative, Community Supervision Services and Early Intervention Services to boys and girls ages 10-17 who are delinquent or at risk for delinquency. Programming seeks to redirect youth, promote pro-social behaviors, build youth competencies and protect the community while holding youth accountable for their behavior.

<b>Dept:</b> Human Services	54	<b>DANE COUNTY</b>	<b>Fund Name:</b> Human Services
<b>Prgm:</b> Child Protective Services	305/54		<b>Fund No:</b> 2610

**Mission:**

The CYF Division uses the Statewide model premised on the belief that the role and purpose of Child Protective Services (CPS) is to assess family conditions, circumstances and behaviors to determine if families need agency services to keep their children safe and to provide and coordinate such services when needed. Health and safety of the child is the paramount value in CPS intervention, and the best environment for providing health and safety is a permanent family. Successful prevention and intervention requires various levels of family involvement in determining the focus and design of participation, treatment and safety plans. Child safety is a product of family and community systems, as well as, the actions of individuals.

**Description:**

Wisconsin State Statute 48.13 presents the situations in which Courts have jurisdiction over children alleged to be in need of maltreatment-related protection or services. Intake staff assess allegations of child abuse and neglect and perform initial assessments on cases that are screened in. Once the assessment is complete, a decision is made as to whether the allegations are substantiated or not and whether to open the case formally or informally for ongoing services. The goal of the ongoing Social Worker is to assist the family to successfully complete the conditions of the court order or voluntary agreement. Assistance includes supervision and case management services, oversight of out-of-home placement situations, and referrals, as appropriate, to community-based services. Chapter 938.13 directs Dane County Department of Human Services (DCDHS) to work with juveniles who are either children in need of protection or services or are delinquent (children who have committed law offenses). DCDHS attempts to work with juveniles and families on a voluntary, non-court basis.

**Mission:**  
The Prevention and Early Intervention Division seeks to strengthen communities, families and individuals through innovative, accessible and equitable services.

**Description:**  
The Division's services are in three program areas: Prevention, Community Programs and Out of Home Care. Administration provides the infrastructure including management and supervisory personnel who provide leadership and oversight of daily operations, continuous quality improvement, alignment to the Department Mission, Vision and Values, and ensures implementation of Department rules and initiatives. Administration works in partnership with line staff, contract agencies, schools, community partners, stakeholders and community residents. The Division offers a continuum of innovative and effective services to support youth development, strengthen families and individuals, and build on community strengths. Services are accessible, innovative, responsive, collaborative and cost-effective to meet the growing needs of children and families in Dane County.

**Mission:**  
The Dane County Department of Human Services (DCDHS) provides prevention services for children, youth and families throughout the county including after school youth development programs, family stability and support services, job readiness training, health and wellness, and sexual assault prevention services.

**Description:**  
Partners for After School Success (PASS) AmeriCorps is a federal grant program that places AmeriCorps members at school and community center sites to provide academic coaching and run youth development programs to build social-emotional learning skills. The Dane County Youth Commission is a County ordained body charged with youth advocacy. Since 1980, the Commission has surveyed youth in grades 7-12 regarding their opinions, concerns, attitudes, behaviors and experiences. Survey results provide essential data and "youth voice" to educators, service providers, parents, policy-makers and funding bodies to inform grant writing, program development and public policy. An array of prevention purchased services provide programming to support youth, adults and families.

<b>Dept:</b> Human Services	54	<b>DANE COUNTY</b>	<b>Fund Name:</b> Human Services
<b>Prgm:</b> Community Programs	307/72		<b>Fund No:</b> 2610

**Mission:**  
The primary goal of DCDHS community programs is to provide resources and services that support families and children. Our mission is to prevent and mitigate risk factors while supporting and providing opportunities for positive early childhood development, adult educational and employment opportunities, and that promote family strengths and stability. All services are offered through an equity and racial justice lens.

**Description:**  
The Community Restorative Court (CRC) is a diversion program that provides young adults ages 17-25, who have committed municipal, misdemeanor or felony law violations in Dane County, with an opportunity to repair the harm their actions have caused. Its primary goal is to prevent future involvement with the criminal justice system. The Early Childhood Initiative (ECI) and Early Childhood Zones offer voluntary home visitation, 2-Generation model of services to pregnant women and families with children aged 0 to 4, and educational, employment, housing and mental health support services as needed. The Immigration Affairs Office (IAO) provides outreach, case management and advocacy services to DCDHS clients and non-Department involved immigrants and refugees residing in Dane County. IAO staff actively collaborate with local partners to coordinate services and mobilize resources. Joining Forces for Families (JFF) is a community-based social work model located in fifteen neighborhoods and communities throughout Dane County to support families and adults, allowing direct access to services in the community. JFF workers partner with area schools, neighborhood centers and other stakeholders to support local families and build capacity in communities.

<b>Dept:</b>	Human Services	54	<b>DANE COUNTY</b>	<b>Fund Name:</b>	Human Services
<b>Prgm:</b>	Alternate Care	307/73		<b>Fund No:</b>	2610

**Mission:**

The mission of Alternate Care is to provide the best possible resources for children between birth and 18 years old who are in need of out-of-home care. Consistent with the Prevention and Early Intervention Division's mission and philosophy and the Family First Prevention Services Act (FFPSA), all reasonable efforts are made to help families remain intact and to keep youth in the community. However, for those children and youth unable to remain in their parental home, the Department funds a continuum of alternate care resources. Children are placed in the least restrictive setting that effectively meets their needs, and efforts are undertaken to reintegrate children with their families whenever feasible and to keep institutional stays to a minimum.

**Description:**

Alternate care services are provided along a continuum from least to most restrictive and are consistent with State Statutory mandates of Chapters 48, 51 and 938, Administrative Code DCF 56. These services include foster parent recruitment, mentoring and training, foster care, treatment foster care, kinship care, group homes, residential care centers and youth correctional institutions.

<b>Dept:</b> Human Services	60	<b>DANE COUNTY</b>	<b>Fund Name:</b> Cdbg General
<b>Prgm:</b> CDBG-General	416/00		<b>Fund No:</b> 2720

**Mission:**

To develop viable urban communities by providing decent housing, a suitable living environment, and by expanding economic opportunities, principally for low-and-moderate income persons in the participating communities of the Dane County Urban County Consortium in a manner consistent with funding requirements and local and County land use plans and development goals.

**Description:**

Dane County receives an annual allocation on a formula basis, as an Entitlement Community, from the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grant (CDBG) program. Funded projects must be a part of the County's Consolidated Plan and Annual Plans developed with encouragement of and opportunities for citizen participation. Every CDBG funded activity must meet one of three national objectives: benefitting low-and-moderate income persons; preventing or eliminating slums or blight; or meeting other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available, such as for natural disasters. 70% of funds must be used for activities that benefit low-and-moderate income persons. The CDBG Program provides grant and loan funding for housing, economic development, public facilities, and public services to local municipalities and public and private entities that serve participating communities of the Dane County Urban County Consortium.

**Mission:**  
The HOME Investment Partnership Program (HOME) increases the availability of affordable housing for low and moderate-income households in the participating municipalities of the Dane County Urban County Consortium.

**Description:**  
Dane County receives an annual HOME grant, as an Entitlement Community, from the U.S. Department of Housing and Urban Development (HUD). HOME funds must be used for affordable housing. 10% of funds can be used for administration. 15% of funds must be used for Community Housing Development Organizations (CHDOs).

**Mission:**

To assure a safe, compassionate and effective response to anyone in Dane County who is experiencing a behavioral health crisis or is seeking behavioral health resources.

**Description:**

This unit in Behavioral Health is responsible for establishing and maintaining a crisis services continuum that provides the proper level of intervention and follow up to those who are experiencing a behavioral health crisis or are recovering from the impact of such a crisis. Crisis system services include a 24-hour crisis line, mobile crisis response, crisis residential and withdrawal management facilities, psychiatric hospitalization, linkage and follow up services, peer support and case management. A key function of this system is management of involuntary treatment needs including assessment and approval of emergency detentions, coordination with the legal system and treatment providers and monitoring of court orders. Different mobile response teams are deployed by the 911 Center, the Crisis Hotline and local law enforcement. Various follow up and stabilization services are offered through the Dane Crisis Provider Network, a collective of different agencies operating programs under the umbrella of Dane County's DHS 34 Emergency Services certification. This program is also responsible for the Behavioral Health Resource Center, which is a non-crisis resource that helps people find available mental health and/or substance use services in Dane County regardless of a person's insurance status, financial status, age, identity, ability or legal status.

**Mission:**

To provide quality clinical services for youth and adults who need assistance with symptoms of a mental health or substance use disorder.

**Description:**

This unit in Behavioral Health is responsible for three primary levels of intervention:

1. Meeting the clinical needs for adult residents of Dane County who are either uninsured or are covered by Medicaid.
2. Meeting the clinical needs for youth who are struggling with symptoms of a mental health or substance use disorder.
3. Developing, implementing and overseeing programs for adults who are involved with the criminal justice system to meet their recovery needs.

**Mission:**  
 Comprehensive Community Services, or CCS, is a program that provides mental health and substance use services to people of all ages. The intent of CCS services is to assist people in identifying their personal goals and in working towards those goals at their own pace. In the CCS program you are in charge of your own recovery.

**Description:**  
 This program is a Medicaid benefit for individuals who have a mental health and/or substance use diagnosis that provides psychosocial rehabilitation services. Once eligibility is confirmed by meeting State-determined criteria, the individual and a service facilitator assemble a recovery team that works with the individual to establish and make progress toward recovery goals at a pace set by the individual. CCS embraces many core values in its approach to the delivery of mental health and substance use services. CCS values include:

- Respect of client values—what is important to you?
- Inclusion of natural supports and family—who is important to you?
- Flexibility of services—what you need, when you need it.
- Community—services will be provided where you need and want them.
- Respect of client choice—it's up to you!

**Mission:**

Provide long-term nursing and rehabilitation services to those individuals who are unable to cope in a less restrictive setting due to the complexity of their psychosocial and/or medical needs. A structured therapeutic milieu supports and protects the residents during their treatment. The goal of the facility, made possible by an interdisciplinary collaborative model, is to provide consistent, effective treatment respecting all rights granted to the resident by state/federal law.

**Description:**

Badger Prairie Health Care Center (BPHCC) is a 120-bed nursing home licensed by the State of Wisconsin to provide skilled medical/psychiatric care to Dane County residents. The facility is governed by state and federal regulations and provides a full range of health care services to residents who are, at least temporarily, unable to effectively function in a community setting or other community treatment facility.
